

***** FOR RELEASE TUESDAY, DECEMBER 3rd, 2013 *****

Kawartha Entertainment Group and The Wolf 101.5 are proud to present, Saturday February 22nd, live at The Venue in Downtown Peterborough, Canadian rock icon...Kim Mitchell!

Kim Mitchell, known for his classic work with legendary band Max Webster as well as a stunning solo career, from which Canadian radio staples such as 'Patio Lanterns', 'Rockland', 'All We Are', 'Go For A Soda', 'I Am A Wild Party' and 'Rock and Roll Duty' were born. Always a pure entertainer along with being one of the best guitarists this country has seen, Kim Mitchell never lets an audience down and this show in Peterborough is one not to be missed.

The concert is presented by Kawartha Entertainment Group and The Wolf 101.5 and all proceeds will support the Peterborough Regional Health Centre Foundation. Carey Walker, Promotion Director for 100.5 KRUIZ FM / 101.5 THE WOLF had this to say about their involvement.

"All of us at Central Ontario's Best Rock, 101.5 THE WOLF are excited to present Kim Mitchell as he performs in support of this great cause. Everyone in our community uses the hospital one way or another and buying a ticket to this great event will certainly show support for this worthwhile initiative. It is a show not to be missed."

All proceeds from this show will support the PRHC Foundation's *Everyday Essentials* campaign to fund essential medical equipment and technology.

"We're very excited to partner with Kawartha Entertainment Group and The Wolf 101.5 to bring Kim Mitchell to Peterborough," said Lesley Heighway, President & CEO, PRHC Foundation. "Not only are we fans, but the continued support of the community through fundraising events like this one will allow the hospital to keep investing in equipment that saves and improves lives. Any person in our region could need their hospital at any time. That's why PRHC touches so many lives. It's vital that the doctors and nurses who work there have access to the equipment and technology they need to provide great care to every patient, every day."
